How Are We Special

- We follow the simple rule → Anyone Who Wants To, Should Do Their Own Business. We will simply share their burden to set it up for them.
- Incubation centers reject more businesses than they accept, we accept just about everything that's legal
- Target the so far neglected business aspirers who have been overlooked by incubation centers and sites that claim they have got investors willing to invest at an arms length
- Support in almost all pre setup operational activities that are necessary – ranging from company registration to online creating online presence for the business. In addition we also help them to raise capital by connecting them to right VCs

Anyone who comes to us is bound to start their own venture, as we reject nobody!!

Competitor Analysis

What are the Market Players & What is our Key differentiator?

No Competing Product in Market
operating as a web service which offers all the features offered by us as an integrated suit

There is **NO PLAYER** in the market today which leverages small/mid sized aspiring entrepreneurs and offers an integrated suite of offerings to a market size of sizeable proportions....

We will be operating in a **“BLUE OCEAN”!!**

Future Plans

As the web services gains more popularity among youth and elderly alike and the number of web users increase with each passing day, we hope to establish our product as a leading player and influence maker while aspiring entrepreneurs decide start their own ventures. We will continue to grow our operations owing to a consistent market size.
